

# STEP INTO SAFETY

## MAXX CHALLENGER SAFETY SHOES

Engineered for demanding industrial environments, our safety shoes deliver the perfect blend of rugged durability, advanced safety features, and all-day comfort.

### IMPACT PROTECTION

Protects against heavy impacts and compression.

### SLIP RESISTANT

Superior grip on wet, oily & uneven surfaces.

### OIL & CHEMICAL RESISTANT

Resists oils, acids & mild chemicals.

### COMFORT CUSHIONING

Ergonomic design for all-day comfort.

### DURABLE & LIGHTWEIGHT

Built tough yet light for long wear.

### ALL-WEATHER PERFORMANCE

Performs in diverse work conditions.

## OUR SAFETY SHOE RANGE

### 01 ELITE PLUS (HIGH ANKLE)

High Ankle Support

Steel / Composite Toe Cap (100 Joules)

Slip Resistant PVC Sole

Oil & Chemical Resistant

Comfort Insole

#### TECHNICAL SPECIFICATIONS

|                 |                                                                |
|-----------------|----------------------------------------------------------------|
| Upper Material  | Premium High-Density Synthetic Fabric                          |
| Sole Material   | Direct-Injected Polyvinyl Chloride (PVC)                       |
| Toe Protection  | Steel / Composite Toe Cap (Impact resistance up to 100 Joules) |
| Insole          | Anti-static, cushioned EVA foam with moisture-wicking fabric   |
| Lining          | Breathable, abrasion-resistant mesh                            |
| Safety Standard | IS15298 Part-3:2024                                            |
| Closure Type    | Secure Lace-up with reinforced eyelets                         |
| Available Sizes | 5 - 11                                                         |
| Type            | High Ankle                                                     |

#### IDEAL APPLICATIONS

- Construction & Civil Engineering
- Manufacturing & Assembly Plants
- Warehousing & Logistics
- Automotive Workshops
- General Maintenance & Field Work

### 02 PLUS (DEBRY MODEL)

Steel / Composite Toe Cap (100 Joules)

Slip Resistant PVC Sole

Oil & Chemical Resistant

Comfort Insole

Durable Build

#### TECHNICAL SPECIFICATIONS
